

Freestyle Music Park

Enjoy this fun application and organize your trip at any entertainment park in a fun filled manner. Powered with real-time navigation via GPS, FreeStyle Music Park includes 3 core modules, maps, to-do list and interests. Map displays details of all points of interests including rides, shows, dining, shopping etc. throughout the park via GPS navigation. You can also plan a fun filled "to do list", which manages all the wonderful experiences the park has to offer and makes sure you don't miss out on any of them. It also provides category wise listing of attractions, which the user can then select and see a detailed view.
